

ROBOTICS

ONLINE OR CAMPUS CERTIFICATION

CORPCIGEC.ORG/USA

CORPCIGEC

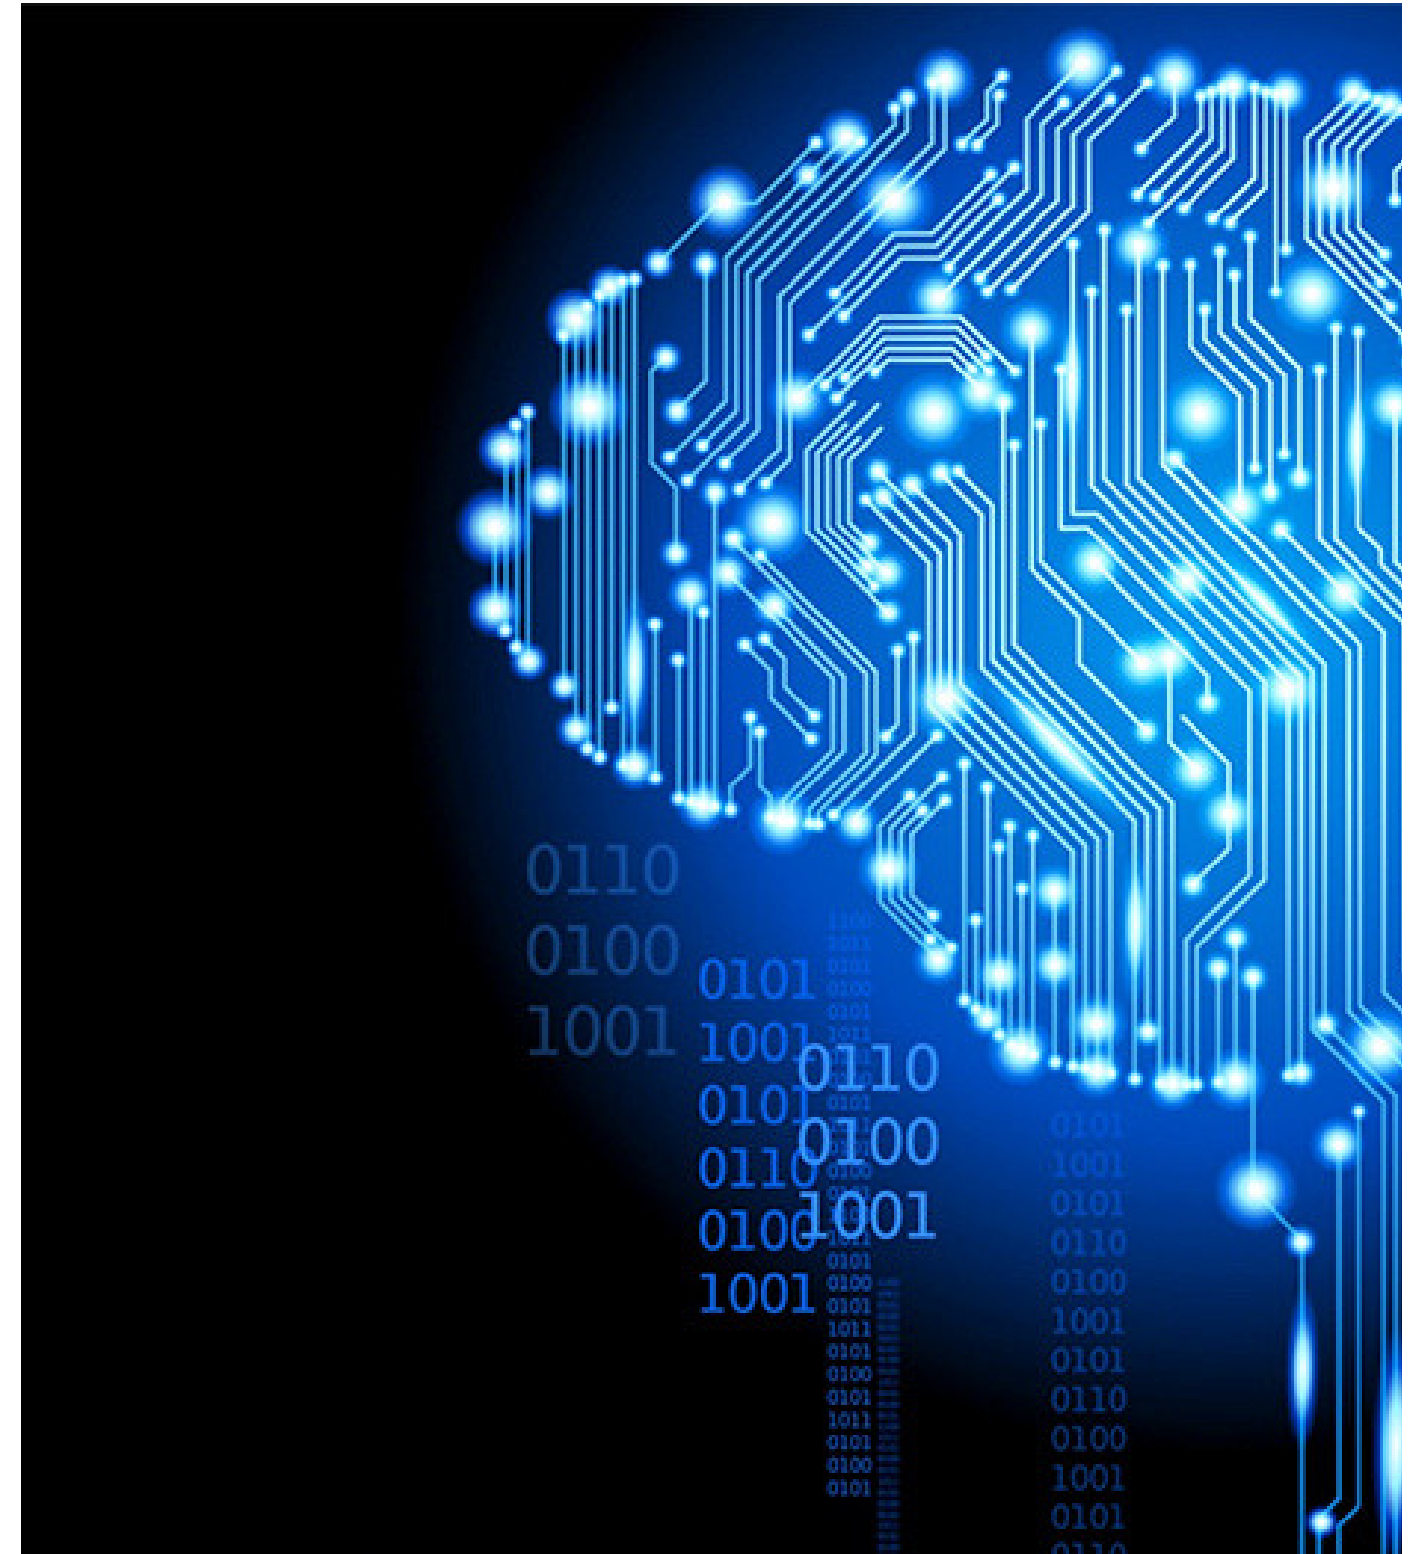

CORPORACIÓN INTERNACIONAL DE LA GESTIÓN DEL CONOCIMIENTO

PROGRAM DETAILS

Available for children from 6-12 years old.

Our online robotics course will introduce individuals to this innovative and in-demand field.

Participants will learn how to effectively explore the different aspects of the field and how robotics continue to push the envelope of human engineering; they will build a knowledge base that is satisfactory as an introduction to the field.

COURSE CONTENT

- Computational Thinking and Conceptualization
- Electronic Configurations
- Mechatronic Configurations
- Mechanical Programming
- Robotics

DURATION & PRICING

- 1 month course online or Summer Courses Programs
- 14 days in campus
